HYDROMANS is Started year of 2013

Incorporation in the year 2013, "Hydromans " is one of the reputed companies in the market. The ownership type of our organization is a Sole Proprietorship. The head office of our corporation is situated in Coimbatore, Tamil Nadu (India). We are the leading Manufacturer of this domain, engaged in offering a wide range of products such as Hydraulic Cylinder , Hydraulic Power pack , Special Purpose Machine, Hydraulic Scissors Lift, Hydraulic Equipment's ,Hydraulic Press ,Hydraulic Goods Loading lift, Bell Housing, Hydraulic Component and many more. These products are well tested on various quality parameters. We are also a service provider of Pump Testing Service and Hydraulic Pump Installation Service.

Our expertise and experience have been developed in the harsh and technically demanding environment of the Hydraulic power based production Industries. We are able to ensure the availability quality and consistency of our product offering and we have the capability to Design, Manufacture, deliver, Install, Test and Commission Hydraulic control Systems and Solutions.

Customer Satisfaction

Customer Service is the way to measure how happy our customers are with the service we providing. So it's as important as it's always been to keep that score soaring.

Excellent workmanship

Rugged design excellent workmanship application support service back up state of art technology co- creation for systems.

High Quality & Reliability

Our Automation process reduces operative costs and increases both, speed and reliability of task implementation, development, and support.

Complete Industrial Solution

As a leading industrial automation manufacturer, we offer efficient and reliable products and solution to serve global customers.

24 X 7 Support

We offer customers support round the clock. this way you will receive technical assistance anytime you need to avoid any possible downtime for your automation process.

What we can do for you,

“We know what works”

CONSULTING & PRODUCT SELECTION

Technology is constantly evolving. Do you know what products are on the market, and if they would be suitable for your organization? IAP has a wealth of experience with various system technologies and process control applications.

HYDRAULIC SYSTEM DESIGNING

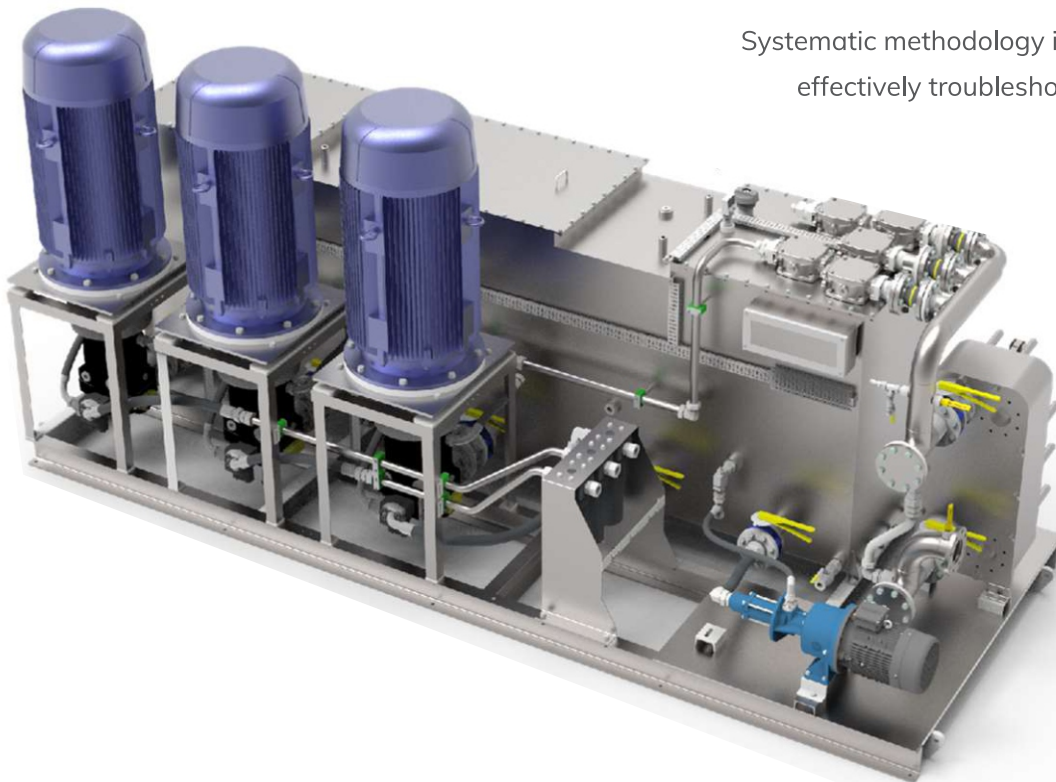

The design could be a sketch or created using graphical software to get the lines on paper.

HARNESS

Simplify Tubes Connections Our patented Push-In Plus technology gives you a confident connection without any damage.

TROUBLESHOOTING

Systematic methodology is the key to quickly and effectively troubleshooting Hydraulic circuits.

The Ultimate Projects By Our Experts

Pick & Place

Roller & Belt Conveyors

Goods Lift System

Hydraulic Press

Load Test Aero Space

Scissor lifts

H -type 100 Ton Capacity

Hydraulic Trainer Kit

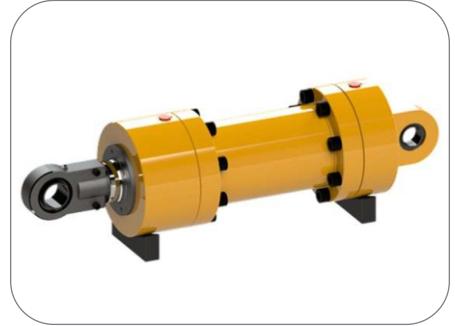

450 Ton Press

**5 Kg Pith
Block Coir Machine**

Cylinders

Accessories

Hydraulic Pump

DC Valves

Mobile Valves

Suction Strainer

Flow Control Valves

Gear Coupling

Bell Housing

Manifold Block

Energy Saving Servo System

Hydro Motors

For Hydraulic Hydromotors and Servo Pumps

Optimized Pressure and Flow Control Algorithm

Test Rigs - Load Test Equipments

Brazing Work

Brazing is a joining technique that allows for the application of functional coatings to surfaces of components, providing high bond strength and the ability to combine materials from different groups. It offers unique solutions for withstanding severe mechanical, thermal, or chemical conditions.

Since 2013

The Possibilities Are **Endless...**

Advantages commonly attributed to automation include higher production rates and increased productivity, more efficient use of materials, better product quality and reduced factory lead times ... Worker safety is an important reason for automation in an industrial operation

Products / Applications

- ✓ Hydraulic Scissor Lift
- ✓ Hydraulic Goods Loading Lift
- ✓ Hydraulic Stackers
- ✓ Hydraulic Press
- ✓ Grow Bag Machine
- ✓ Investment Casting De-Gating Machine
- ✓ Pressure Testing Machine
- ✓ Leak Testing Machine
- ✓ Special Purpose Machine
- ✓ Mould Tilter
- ✓ Hydraulic Power Pack
- ✓ Hydraulic Cylinder
- ✓ Hydraulic Spares
